## SOCIETY TURNS OUT TO RECITAL Y. W. C. A. NAMES COMMITTEE HEADS

Many of those prominent in Honolulu society attended the song recital given by the pupils of Mrs. Bruce McV. Mackall in the Odd Fellows hall last evening, and Mrs. Mackall is to be complimented upon the excellent show made by those who took part in the program.

Of the six vocalists who took part in the program, which consisted of eleven numbers, it would be difficult to judge just who was the best. Mrs. A. G. M. Robertson and Miss Ward received perhaps a fraction more applause than the others, but this was probably due to the fact that their selections made a greater appeal to those in the audience. Miss May Marshall, who opened the program, became an instant favorite, as did Mrs. Dowsett and Mrs. Charles Weight. T. F. Sedgwick, who is possessed of a rich bass voice, rendered a selection which brought him much applause.

Following is the program:  
1. "Leti Signor" from "The Huguenots".....Meyerbeer  
Spring.....Coenen  
Miss May Marshall.

2. La Colomba—Tuscan Folk Song  
Reverie.....Schindler  
Mrs. Herbert Dowsett.

3. Phyllis Has Such Charming  
Graces.....Lanc  
Kathmiri Song.....Woodford-Pinden  
Mrs. Charles S. Weight.

4. Polly Willis.....Dr. Arne  
In the Time of Roses.....Reichardt  
Miss Ward.

5. A Memory.....White  
Summer.....Chamade  
Mrs. A. G. M. Robertson.

6. "She Alone Charmeth My Sad-  
ness" from "Irene".....Gounod  
Mr. Sedgwick.

7. Her Rose.....Coombs  
To a Skylark.....Tracy  
Mrs. Charles L. Hall.

8. "Kennst du das Land".....Liszt  
Mrs. Weight.

9. Angus Dol.....Bizet  
Mrs. Robertson.

10. "Ruddler than a Cherry" Handel  
Ich groesse nicht.....Schumann  
Mr. T. F. Sedgwick.

11. Je dis que rien, m'epouvent  
from "Carmen".....Bizet  
Mrs. Hall.

Miss Margaret E. Clarke, Accompanist.

## NEW RECLAMATION MAY BE TAKEN UP VERY SOON

Plans for another reclamation project in the vicinity of the Kewalo district are being laid by the Governor and superintendent of public works. Unlike the Kewalo project, in which the Territory is required to assume the initiative, afterward collecting the cost from the owners, many of whom pay unwillingly, the new tract probably will be filled in by the owners themselves, combining to let the contract providing the expense may be held down to normal proportions. The new project is larger than the Kewalo, containing 366.6 acres Waikiki of Ward avenue and extending nearly to Kalihi, and expected to require 2,100,000 cubic yards of filling. If the owners of this area consent to the improvement, the work may begin in the very near future as the territory will not need to invest any of its revolving fund. If the government is compelled to take the initiative the work would be delayed until the present Kewalo reclamation job is completed and its cost collected from those owners, thus reimbursing the revolving fund.

The prediction was made by a Manila business man on board the Pacific Mail liner Korea this morning that William Jennings Bryan would be the next Governor-General of the Philippines.

## It's a Bad Habit---

That of taking tonics for digestive troubles.

Indigestion is usually caused by wrong food.

Drugs won't and can't cure the trouble, so long as the cause is continued, and anyone who tells you that they will is evidently ignorant of the facts.

The sure, quick way to relief is to remove the cause—change your mode of eating.

A good start is to begin on

## GRAPE-NUTS

FOOD FACTS.  
What a Doctor Learned.

A prominent physician had a food experience which is interesting. "It was my own experience that first led me to advocate Grape-Nuts food and I also know from having prescribed it to convalescents and other weak patients that the food is a wonderful restorer of nerve and brain tissue, as well as muscle. It improves the digestion and patients always gain just as I did in strength and weight very rapidly."

"I was in such a low state that I had to give up work entirely. My food absolutely refused to sustain me and it became plain that I must change. I began to use Grape-Nuts food and in two weeks I could walk a mile without the least fatigue and in five weeks took up hard work again. Since that time I have felt as well and strong as I ever did in my life."

"As a physician who seeks to help all sufferers I consider it a duty to make these facts public."

Trial 10 days on Grape-Nuts when the regular food does not seem to sustain the body will work wonder.

The appointment of chairmen for the various committees was the principal item of business at the regular meeting of the board of directors of the Young Women's Christian Association which was held yesterday afternoon in the Boston building.

Those named by the president to be chairmen were Mrs. L. Tenney Peck, executive committee; Mrs. J. L. Marx, finance committee; Mrs. Babbitt, membership committee; Mrs. W. A. Bowen, religious work committee; Mrs. U. Thompson, social committee; Mrs. Wadman, physical training committee; Mrs. H. Hendrick, educational committee; Mrs. C. A. Jones, building committee.

Following the reading of the monthly reports, the membership committee made its report which shows that the increase in the membership of the association is steadily growing. General secretary, Miss Esther Ericson, who has been ill for the past two weeks, has again taken up her duties. During her absence, her place was filled by Miss Tupper.

## UNEXPECTED SNUB AT THE POETS' CLUB

"If it were not for poetry, where would the poets be?" said one of the members of the Reading and Discussion Club, a newly formed organization at the Young Men's Christian Association, during the course of a spirited meeting held the other evening.

The subject of the evening's discussion was one of the little ditties written by Shakespeare, and the twenty or more members who were present were deeply engrossed in weighing out the facts as to just what good poetry means to humanity. They were doing it, of course, merely as a sort of diversion. Fiery speeches, both for and against poems, and poetry, prevailed throughout the evening, and the silver-tongued orators waxed more eloquent as they became imbued with the spirit of the discussion.

Sitting over in one corner of the room there was a small, unassuming male of the species, who hadn't gotten in a word during the whole evening; he merely sat and listened, and seemed to let every word of the conversation sink in. Toward the end of the meeting, after everybody had had something to say except the individual who held down the corner. The president of the club saw him.

"Little epic poem, who are you?" asked the president.

The man looked up.

"Don't you know who I be?" he said.

"No, I'm sorry to say that I do not."

"Well," said the man, "I'm the guy that put the verse in universe."

Then the lights went out and the meeting hurriedly broke up.
